Environmentally Sensitive Maintenance of Dirt & Gravel Roads – Regional Training Description

Applicants must have been certified through the Environmentally Sensitive Maintenance (ESM) training within the past 5 years to apply for grant funding. This is a State Conservation Commission, Dirt & Gravel Roads Grant Program of education. Assistance and funding provided in cooperation with the Center for Dirt & Gravel Road Studies, The Pennsylvania State University.

Course Description:

Background Information

This 2-day course has been developed to fulfill the training requirements for State Conservation Commission grant recipients under Act 3 of 1997.

Course Content

This multi-media course runs 2 days and the updated course content features:

- Introduction
- Environmentally Sensitive Maintenance Practices, Successful Projects and “Real” Life Examples
- Regulations & Grant Procedures

Who Should Attend:

The municipal person who has prime responsibility to maintain the road system plus any municipal official/employee who may be involved in road maintenance operations or road maintenance administration or management.

At least one municipal official or employee must attend the training course and receive the attendance certificate in order for a municipality to apply for and receive grant funds.

Approval of the following two policies.
